

## **Laois-Offaly Greens**

The Laois-Offaly Greens met on Saturday, 28-04 at 11:00h to clean up Chancery Lane as we had agreed with Offaly County Council. Offaly County Council were so kind to block off Chancery Lane for us and they

were also taking care of the waste-disposal (42 bags collected by 7 people).

Despite the road being blocked off the traffic was nearly as heavy as ever. Most people did slow down, though and some did even stop to comment positively on our work. The youngest Spring-cleaner was just 6 years of age, and the oldest was... No, I won't tell ;-)...

All in all our cleanup was a great success for nature, for An Taisce and for the Laois-Offaly Greens.

Thanks to An Taisce and to Offaly CoCo for your support, for looking after the waste-disposal and for providing rubbish-bags, gloves and equipment.

We are looking forward to contributing to next years National Spring Clean, although we will ask the CoCo to allocate a less dangerous spot to us, as we had some near-accidents due to some cars with careless drivers speeding by.

Kind Regards,

Dirk Herberich on behalf of the Laois-Offaly Greens
