

Killavil Development Group Clean-Up Day

Killavil Development Group (Ballymote, Co Sligo) had their parish cleanup day on Sunday last 25 April.

To encourage us, the day dawned bright and sunny and about 25 volunteers, young and not so young, met at the Community Centre at three o'clock in response to an appeal in our parish leaflet. We were allocated our stretches of road and set off with our bags, gloves and hi-vis jackets. For safety, we confined ourselves to the rural roads and adjoining bogland, not expecting a huge collection, the main roads being the worse eyesores with litter!! Our "booty" far exceeded our expectations - at least 20 bag fulls with some "surprises" dumped in drains including a rocking horse and a Hoover!

On our return, after washing our hands, a welcome cup of tea and refreshments awaited - a great finish to a successful day!

Pauline Brennan
Secretary, Killavil Development Group
