

Naul National School Spring Clean 21st April 2010

On the 21st of April the pupils, staff and parents of Naul National School in Naul Co. Dublin conducted a spring clean in and around the school grounds. All who participated were very enthusiastic and the bibs, rubbish bags and gloves were a great help in helping to make the event run smoothly.

Children were divided into groups. A competition was held to see which group collected the most rubbish. Children in 5th and 6th class won this. Also a survey was carried out on some of the most unusual finds on the school grounds. Items found included a sock, a cigar and a cigarette lighter. The 3rd and 4th class pupils were delighted at their find of a missing football.

We have put together some photographs of this event and we forward them onto you. We look forward to receiving our Certificate for all our hard work and effort. We look forward to hearing from you.
