

# St. Stephen's Green School Committee Spring Clean

We held our event on Wednesday the 28<sup>th</sup> of April. The Green School Committee organised the event. During the school day teams of children from First to Sixth Class took part in the clean up. All children who wanted to participate, brought rubber gloves to school.

First Class went out in the morning to clean up the driveway, followed by Second Class who cleaned the big and little yard and Third Class cleaned up the grass areas. Fourth and Fifth Classes tidied up the school grounds by weeding the gardens and driveway. Sixth Class took a walk to the local community where they picked up any litter they found in the local area.

During the school day parents took part also by weeding, cutting grass, trimming hedges etc. After school, teachers volunteered to clean up the litter in a field beside the school. All the children, parents and teachers really enjoyed the clean up and a great day was had by all!!!!
