

The Barley Field Residents Association, Carrigallen

The Barley Field Residents Association, Carrigallen, have carried out our Spring Clean for 2007. We would like to thank Leitrim County Council for their very swift assistance in removing the collected litter, which was substantially less than last year, but still enough to take the local children over an hour to collect. We done the same lanes around our estate as last year but we are glad to report that there was not as much illegal dumping as previous clean ups have had to deal with. We were also very fortunate when disposing of larger items uncovered or collected as a new resident in our estate very generously allowed us to use the space left in her skip to dispose of these items.

Kind regards,

Jim Penders
Secretary, The Barley Field Residents Association,
Carrigallen
County Leitrim
